Number of firearms manufactured in the U.S. from 1986 to 2019

Number of firearms manufactured in the U.S. 1986-2019

Published by Statista Research Department, Oct 19, 2021

In 2019, around 7.011 million firearms were manufactured in the United States. While this number has increased significantly from 1986, it notably decreased from 2016.

Firearm business in the U.S.

The number of [firearms the United States imports](#) greatly exceeds the number of [firearms the United States exports](#). The United States [exports the most firearms to Saudi Arabia](#), as a result of the 2017 United States- Saudi Arabia arms deal, where Saudi Arabia agreed to purchase arms immediately from the U.S. totaling about 110 billion U.S. dollars, and purchasing a further 350 billion U.S. dollars worth of arms over the following ten years.
